Luncheon Program

(jump to registration section)

Luncheon Topic:

Anatomy of an Anonymous Attack and Hacking Demo Description

Abstract:
Terry Ray, VP of Global Sales Engineering, will walk-through Imperva’s eye witness account of an Anonymous assault, which included the use of social media for communications and, most importantly, their attack methods. Since Anonymous’ targets vary, it is important for security professionals to learn how to prepare their organization for a potential attack. This webinar will walk-through the key stages of an Anonymous attack campaign and a hacking demo, including:

Recruitment and communication:
- Learn how Anonymous leverages social networks to recruit its members and select a target

Application attack methods:
- Understand the sequence of steps Anonymous hackers use to take data and bring down Web sites, including the frequent DDoS attack

Mitigation strategies:
- Gain knowledge of key tactics organizations can take if they are targeted by Anonymous or other hackers using automated attack techniques.

Presenter:

Terry Ray, VP of Global Sales Engineering at Imperva

Date:

July 12th, 2012

BIO:

Terry Ray - VP of Global Sales Engineering. At Imperva, Terry manages teams of security engineers and has designed and deployed data security solutions and performed data penetration testing for a wide range of healthcare, financial services, government, and e-commerce organizations. Terry has been a frequent speaker for ISSA, OWASP, ISACA, IANS, and many others. Prior to joining Imperva, Terry worked in a variety of technical roles at Check Point Software Technology, including security engineering and partner and end-user technical instruction. Terry has lectured on general network security topics and taught professional security related product certifications in over 35 countries worldwide.

Next Month:

Title: YTBD
Presenter: YTBD
Abstract: YTBD

Registration:

Monthly meetings are held on the second Thursday of each month at the following location:

Houston Engineering & Scientific Society (HESS) Club
5430 Westheimer at Yorktown. (Free Parking).
Meetings are open to all members and visitors who are interested in Information Security.

**NOTE:** We now ask for members to include their ISSA membership number when registering. A current ISSA membership is required to qualify for member meal prices and workshop fees. If you do not have your membership number available when registering on-line through ACTEVA, please bring your membership number with you to the meeting for check-in and payment.

We encourage members and guests to make reservations via Acteva prior to 5:00 p.m. on the Tuesday before the meeting to help the chapter plan for enough meals and seating. Advanced reservations may also qualify for a discount on the meeting charge.

**NOTE:** For security reasons, ensure that you close your browser after booking your lunch reservation through Acteva. [http://www.acteva.com/go/issa](http://www.acteva.com/go/issa)

Sponsorships Available for Future Monthly Meetings
If your company is active in the information security business, you should consider taking advantage of the opportunity to raise awareness of your company to our members.

Each month we solicit a sponsor for the luncheon presentation as well as any special workshops. The charge is quite small and it provides you the following benefits:
(1) your logo on our chapter web site
(2) five minutes at the beginning or end of the presentation to present your company, and
(3) the opportunity to conduct a drawing, if you would like to, in order to collect business cards

Please contact Josh Locker (marketing@southtexas.issa.org) or any member of the ISSA chapter board to express your interest.

For CPA CPE candidates:
Our TSBPA CPE provider number is 008915.
Objectives: See description above

Content: See description above

Prerequisites: None

Experience Level: Moderate

CPEs: Varies by event (1 to 40 hours)
