### **Our Meeting Sponsor:**

CrowdStrike is a global provider of security technology and services focused on identifying advanced threats and targeted attacks. Using big-data technologies, CrowdStrike's next-generation threat protection platform leverages real-time Stateful Execution Inspection (SEI) at the endpoint and Machine Learning in the cloud, instead of solely focusing on malware signatures, indicators of compromise, exploits, and vulnerabilities.

The CrowdStrike Falcon Platform is a combination of big-data technologies and endpoint security driven by advanced threat intelligence. CrowdStrike Falcon enables enterprises to identify unknown malware, detect zeroday threats, pinpoint advanced adversaries and attribution, and prevent damage from targeted attacks in real time.

CounterTack Sentinel is the only endpoint threat detection and response platform that helps organizations monitor endpoints at scale for a coordinated, prioritized response.

## Sponsorships Available for Future Monthly Meetings:

If your company is active in the information security business, you should consider taking advantage of the opportunity to raise awareness of your company to our members.

Each month we solicit a sponsor for the luncheon presentation as well as any special workshops. The charge is quite small and it provides you the following benefits:

- (1) your logo on our chapter web site
- (2) five minutes at the beginning or end of the presentation to present your company, and
- (3) the opportunity to conduct a drawing, if you would like to, in order to collect business cards

Please contact Jason Deering ( [marketing@southtexas.issa.org](mailto:marketing@southtexas.issa.org) ) or any member of the ISSA chapter board to express your interest.
